ANSWERS for Electronic Manufacturing

On-Spec. On-Time. On-Budget.

ISO 9001, ISO 13485 and
AS9100D Certified

About ANZER

ANZER is the ANSWER for your complete electronic design and manufacturing needs. We have a long history as a full-service electronics manufacturer with expertise in producing cables to complete box builds. We are proudly providing a complete Made in the U.S.A. solution.

Services and Capabilities

Since 1991, we have specialized in custom engineering and PCB assembly, including cable assemblies and wiring harnesses. ANZER's printed circuit board assembly (PCBA) and electronic box build capabilities range from surface mount technology (SMT) prototypes to total production volumes.

Product Design &
Development

Industrial Automation
& Control Modules

Electronic Product Prototype
& Production Assembly

Embedded Control, I/O and
Sensor Solutions

Industrial IoT Technology

Wireless Design &
Manufacturing Services

Committed To Customers

We expanded into a larger manufacturing facility, doubling our size and investing in a state-of-the-art surface mount technology (SMT) production line. We still hand-solder and produce small-quantity prototype builds, having manufactured tens of thousands of ruggedized modules for 30+ years.

Industries Served

Medical & Research

Aerospace

Agriculture

Lighting Controls

Automotive

Industrial Automation

Why Choose **ANZER**?

- Over three decades of electronics design and manufacturing experience
- Broad customer base in automation, aerospace, medical, and industrial modules
- Dedicated SMT prototype line
- ISO 9001:2015, AS9100:2016 (Aerospace), and ISO 13485:2016 (Medical) certified
- Minority Business Enterprise (MBE) and Women Business Enterprise (WBE)
- A long-term belief in On-Spec. On-Time. On-Budget.
- Quick turnaround
- Proudly...Made in the U.S.A.

Working with **ANZER**

ANZER is known for its flexibility in meeting expectations and requirements. We focus on making it easy for our customers to partner with us because we believe in integrity, commitment to excellence, and doing the right thing.

Minority Business Accreditations

We are proud to be certified as a Minority Business Enterprise (MBE) and a Women Business Enterprise (WBE). Fostering an inclusive, equitable, and competitive business environment is part of who we are. **ANZER** is a company customers can trust. Why...because integrity, commitment to excellence, and belief in doing the right thing all add to winning for our customers.

Design Expertise

- Hardware and Enclosure Design
- Schematic Capture and PCB Layout
- Embedded Firmware/Software Design
- Rapid Prototype Development
- Design for Manufacturability (DFM)
- CE, UL, EMC, and FCC Compliance Testing

Electronic Assembly and Manufacturing

- Complete Box Builds
- Sub-System Assemblies
- Surface Mount Technology (SMT) Manufacture
- Through-hole assembly and Hand Soldering
- Dedicated Prototype SMT Production Line
- Conformal Coating
- Potting Services
- Wiring Harnesses & Cable Assemblies
- Automated Optical Inspection (AOI)
- PCB Assembly X-ray Inspection
- Production Testing and Packaging
